WHY CDM

See what sets Custom Door & Mirror apart

TOP FEATURES

Smooth, durable and installation-ready

01

Effortless glide

Precision rollers provide a smooth, bottom-rolling operation and glide effortlessly along the floor track.

02

Heavy-gauge track system

Aluminum top and bottom tracks support durable, smooth and quiet operation. Chrome tracks and matching top-and-bottom panel trim create a clean, finished look.

03

Pre-assembled panels

Panels arrive pre-assembled for easier alignment and installation.

COMPLETE ENGINEERED SYSTEM

Designed to work together

- **Integrated slider system.** Panels, track and installation hardware are engineered as a complete system.
- **Solid construction.** Built to support the mirror and provide a solid, robust feel.
- **Full-length beveled mirrors.** Beveled edge mirrors enhance light and the feeling of space.
- **Precision hardware.** Components are designed for reliable, long-term performance.

FIT AND SIZING

Made for finished openings

Each configuration includes two 77-1/2 in. high panels. Adjustable height from 79-1/2 in. to 80-1/2 in. accommodates standard 80 in. openings.

48" x 80" opening

Adjustable width: 46-1/2" to 48"

Panels: 2

Actual panel size: 24-1/2" W x 77-1/2" H

60" x 80" opening

Adjustable width: 58-1/2" to 60"

Panels: 2

Actual panel size: 30-1/2" W x 77-1/2" H

72" x 80" opening

Adjustable width: 70-1/2" to 72"

Panels: 2

Actual panel size: 36-1/2" W x 77-1/2" H

OPERATION AND INSTALLATION

Practical details at a glance

Space-saving bypass access

- Two-track doors glide past each other.
- Access one side of the closet at a time while saving floor space compared with swing doors.

Alignment and durability

- Built-in vertical and horizontal adjustments support proper panel alignment and long-term operation.
- Solid mirror backing improves impact resistance.

Accessible low-profile track

- The ADA-compliant bottom track helps maintain accessibility while keeping panels properly guided.

Installation essentials

- All hardware and fasteners are included.
- Tool required: Screw/Drill driver.
- One-piece reversible aluminum track provides a seamless look.
- Lifetime warranty on hardware.
